Paragraph Worksheet for Writing & Speaking

Paragraphs are groups of sentences that have a single idea. A paragraph typically includes:

Structure of a paragraph

For example:

- Topic Sentence
- Supporting Sentences
- Concluding Sentence

→ Doctors are great people.
 → Doctors are people who look after sick people and prescribe medicine so that the patients recover fast.
 → Doctors' lives are very busy. They get up early in the morning and go to the hospital. They often work without taking a break. They study for a long time to save our lives.
 → Since doctors work so hard, we must realize their value.

- Topic Sentence: Write a sentence that states the main idea or topic of a paragraph.
- Supporting Sentence: Write facts or descriptions that relate to the topic.
- Concluding Sentence: Re-word the introduction to sum up the ideas in the paragraph to bring it to a close.

TOPIC: The first thought you have.

Tip: Sit in a quiet room and relax for a few seconds. Close your eyes, count to ten and then write about the first thought you have.

- What came to your mind? - Why did you think of that?
- If that thought was a memory, describe it in detail. What did you see?
- How did this thought make you feel?

Sample:

- Topic Sentence: The first thought that came to my mind was about a soccer match I watched.
- Supporting Sentences: Last night, there was a match between FC Barcelona and Real Madrid. Because I am a big Barcelona fan, I rooted for them. However, Cristiano Ronaldo, Real Madrid's player, scored first. I was very disappointed because I have always disliked him. A few minutes later, Lionel Messi, my favorite player, scored the equalizer from a free-kick. The clock was winding down and the score was tied up 1-1. Then, when everyone was expecting the game to end as a draw, Messi scored the winning goal by dribbling past defenders with only a few seconds left.
- Concluding Sentence: Thanks to this soccer match, I was very excited and happy, so this is why it came to my mind.
