I noticed a creature called a Galapagos tortoise and interviewed Miss Darla Thompson, the staff member responsible for the care of the tortoise.

 (Listen Carefully : \_\_\_\_\_

Miss Thompson also included many details that I did not know. For instance, this animal is native to the Galapagos Islands which are located about 1000 km west of Ecuador.

Plus, it is the largest species of tortoise. Some of them can grow to almost two meters in length and weigh 400 kg.

 (Listen Carefully : \_\_\_\_\_
