Chapter 1

Pre-READING : Listen to the story and repeat it.

-  Long, long ago, a couple lived in a small shack. One day, the husband said to the wife, “Could you bake some bread for me?” “We don’t have any flour,” said the wife. “Try shaking the flour jar upside down,” said the husband.
-  As the wife began to shake the jar, flour started to form inside. She made the dough with the flour and baked it in the oven. Then, she placed the bread by the window. Suddenly, the bread began to move. It began to roll until it arrived at the front yard.
-  Then, it rolled out of the main gate, feeling excited as it continued to roll. Meanwhile, the husband and the wife found out that the bread had disappeared from the house, and they became very sad.
-  The bread, however, continued to roll and went into the forest. There, it met a little white rabbit. The rabbit said to the bread, “You look very delicious. I am going to eat you.” “Don’t eat me, Rabbit. I will sing for you if you don’t eat me,” said the rolling bread
